I am an NYC retiree. My current health insurance is Emblem Health/GHI CBP. I will turn 65 in March and will be enrolling in Medicare. My husband, who is also covered by my health insurance, will not turn 65 until next September.

First, I need to find out if my husband will continue to be covered by Emblem Health until he turns 65. I also need to find out if I have to enroll only in Parts A and B, or do I also have to enroll in Parts C and D. I am not sure if my Emblem Health and Express Scripts coverage will continue when I am on Medicare.

Please send me whatever information is available on this subject.

Thank you

Good morning

Your souse will to be covered for life, you both need to apply for parts A and B, part D is covered with GHI as always, you don't need to apply for D. at that point you'll both be in GHI SENIOR CARE
